#### Investment & Financial Services

Every investor has special needs and goals, whether it's preparing for college, planning for retirement, or purchasing a vacation home. A Banterra Insurance and Investment Services professional can help you create an investment strategy to work toward your goals within a set timeframe and budget.

Banterra Insurance and Investment Services offers investment counseling, with a full range of opportunities including:

- Mutual Funds<sup>1</sup>
- IRA & Retirement<sup>1</sup>
- Stocks & Bonds<sup>1</sup>

#### Mutual Funds<sup>2</sup>

Mutual funds include a variety of securities and are managed by investment specialists to help you with your financial goals. Funds are operated by an investment company which raises money from shareholders and invests in a group of assets. Generally, shareholders can sell their shares at any time. However, share prices change daily, depending upon the performance of the securities held by the fund. There are several types of mutual funds and you can diversify your investments easily. Investing in mutual funds involves risk, including possible loss of principal. Speak to a Banterra Insurance and Investment Services professional to learn more. (Available in: IL, IN, and KY).

#### IRA & Retirement

An Individual Retirement Account (IRA) allows you to save for retirement in a tax-advantaged way. The three main types of IRAs include: Traditional IRA, Roth IRA and Rollover IRA.

#### Stock & Bonds

When you purchase stocks, you become a part-owner into a company. The value of the stock you purchase will depend on the earnings of the company in which you are purchasing stock. If profits are high, your stock may go up; if profits are low or loss is experienced, your stock may go down. In general, the higher the potential return is, the higher the risk of loss is as well. Stock investing involves risk including possible loss of principal.

## OTHER SERVICES

#### **Overdraft Services**

When managing your checking account, mistakes can happen, and sometimes checks and other types of payment can be denied or returned due to non-sufficient funds. We know that this can be embarrassing as well as costly due to non-sufficient funds (NSF) fee(s) that will be charged.

In addition to Digital Banking which allows you to closely monitor your accounts, we also provide the below overdraft service options to help you with these situations.

#### **Overdraft Protection**

With Overdraft Protection, you can avoid being overdrawn in your checking account by allowing automatic transfers from your designated accounts. Overdraft Protection can be set up for your personal or business account.

#### Designated transfer accounts can be:

- Checking accounts Money Market accounts<sup>1</sup>
- Savings accounts<sup>1</sup> Home Equity Line Of Credit

A small, one-time set-up fee is required to sign up for Overdraft Protection. This fee is automatically charged to the protected checking account.<sup>2</sup> For a full breakdown of bank fees, visit Banterra, bank.

#### **Debit Card Overdraft Service**

With this optional method, the bank may approve (at our discretion) ATM/ITM and debit card transactions in the event you do not have enough funds to cover the transaction.

There is no fee for signing up for this service. If your account is negative, a standard overdraft fee may be charged if a covering deposit or transfer is not made prior to the transaction posting. For a full breakdown of bank fees visit Banterra.bank.

Without this service, your ATM/ITM and debit card transactions may be declined at the time of transaction if there are not sufficient funds in your account. You will not be charged an overdraft fee if these transactions cause an overdraft.

Stop by your local Banterra to enroll in one of these services or go to Banterra.bank. If you are currently a Digital Banking customer, you can fill out an online form to enroll.

<sup>1</sup>Smartkid Savings or any other minor savings account cannot be used to fund Overdraft Protection.

\*With Overdraft Protection, a \$10 transfer fee per day (regardless of transaction number) is charged to your account. This transfer fee will be waived if the overdraft amount is \$5 or less or if the amount needed to maintain the target balance is \$5 or less. The customer signing up for Overdraft Protection must be the owner on all funding accounts and the protected checking account. Consumer accounts can only be funded by consumer accounts; business accounts can only be funded by business accounts. Some reasons why funds will not be transferred include these events: Not-sufficient funds available in the funding account; account is pending closed status or is a debit post restricted account; loan is delinquent, at maturity, or bankruptcy.

# TAKING CARE OF OUR COMMUNITY

We make it a top priority to give back to the local areas where our team members live and work. With a footprint that spans six states, we know that our contributions truly make an impact on our communities.

In addition to donations and sponsoring local activities, we hold ongoing fundraisers within our branches, and you'll find our nearly 500 team members contributing to charities and organizations within their areas.

If your charity, organization or event would like to request a donation or sponsorship from Banterra, simply stop by your local branch and speak with a banking center manager.

"We value our partnership with Banterra Bank, not only with the banking service that they provide to us, but with their generous support and promotion of the work that we do. They have helped raise awareness of This Able Veteran and the veteran community that we serve. To show our appreciation, we placed a Banterra patch on the vest of our service dogs that graduated in 2018."
