

How To Change Your Debit Card PIN Within Digital Banking

- 1. Sign in to Banterra's Digital Banking.
- 2. Select Manage Cards from the main menu.
- **3.** Select the debit card you would like to change.
- 4. Select Change PIN under Security.

5. Enter in a 4-digit PIN and re-enter the 4-digit PIN to confirm it.

- 6. Select Change PIN.
 - You will then be prompted with multi-factor authentication for increased security before the PIN change is successful.
- 7. Choose how you would like to be verified.
 - Once you have been authenticated,
 Card PIN successfully changed will display on the screen with a green checkmark.
- 8. Tap Close Window.
